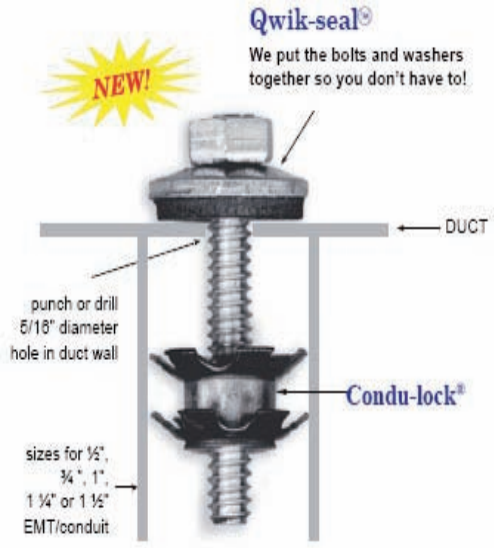
## DUCT STRENGHTENING HARDWARE

## Condu-lock®

*Qwik-seal 1-piece hardware (bolt/washer combo)*

Since its inception in 1986, Condu-lock® has become synonymous with duct reinforcement.

*23 years reinforcing America's duct.*



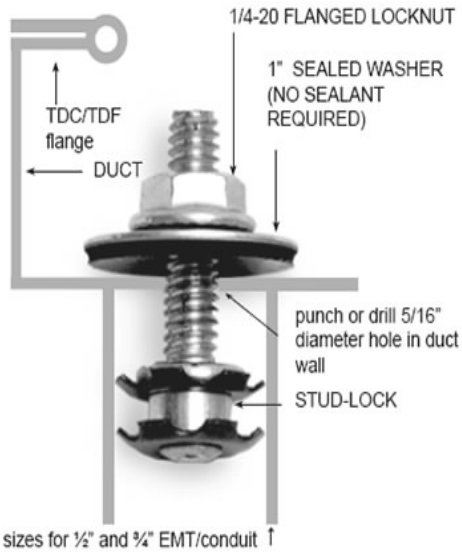
***Strong and leak free! Tested up to 10" W.G.!***

2000 lb. pull out strenght makes Condu-lock the industry leader

---

## Stud-lock™

*Labor-saving tie rod construction hardware*



**Stud-lock is the result of combining our field tested condu-lock and a threaded stud. This component will allow one person to reinforce duct without assistance. The threaded stud extending out of each end of conduit will allow the installer to easily find pre-drilled holes in both insulated and non-insulated duct.**

**Stud-lock keeps the conduit in place for fastening the sealed washer and locknut outside the duct wall.**

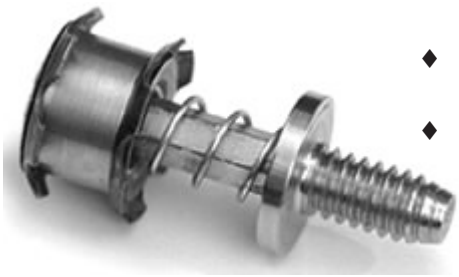
# BULLOCK

**DUCT STRENGHTENING HARDWARE**

## Spring-lock™

*Spring-lock™ only makes duct reinforcement a SNAP.*

***Why pay more for plastic?***



- 150% stronger than plastic plugs!
- NO crimping required
- NO de-burring required
- NO plastic components

## T-lock ™

*Another innovation for the HVAC industry.*

The economical alternative...

Installs in seconds! The new, quick and easy way to comply with SMACNA regulations for securing duct rods.

*Available for either 1/2" or 3/4" conduit.*

*Sets include T-lock and 5/16" bolt.*

***Eliminates welding and wire ties!***
