GALVANISED DUCT SPIGOTS

BULLOCK is a trusted name in the duct hardware industry, known for delivering high-quality, cost-effective solutions. Our Galvanised Duct Spigots are designed specifically to connect flexible ductwork to rigid sheet-metal duct systems, including plenums, air conditioning units, and coolroom installations.

Manufactured from durable galvanised steel, these spigots offer exceptional strength and reliability. They are also finished with zinc die-cast accessories to ensure a secure and professional installation.

AVAILABLE IN CIRCULAR OR OVALIZED

Flanged barrel complete with raised die cast quadrant, bearings, and galvanised blade.

✓ Lightweight, strong, and stackable for convenient storage and transport.

✓ 3 models available:

GSS1 – Barrel, blade, and quadrant

GSSM – Motorised

GSS2 – Plain barrel only

✓ Uniquely designed with 'DUCT LANCES' to help secure flexible duct.

✓ Installation accessories such as metal and nylon duct banding, screws and housings, banding tools, and duct tapes available ex-stock.

**RAISED DIE CAST QUADRANT AND
DUCT RETAINING LANCE**

**BLADE BEARING RETAINING CLIP
USED WHEN NECESSARY**
